AMERICAN MASS LOADED VINYL

LOWEST COST, HIGH QUALITY, FAST SHIPPING OR PICK UP

- 1 LB OR 2 LB per square foot
- Several roll sizes available including 4'x25', 4.5'x30'
- Thickness' available include 1/16" (1/2lb), 1/8" (1lb), 1/4" (2lb)
- Maximum sound blockage in thin roll material
- High sound transmission loss over wide frequency range
- 1/8" 1lb version = STC26 1/4" 2lb version = STC31
- MLV will not shrink, rot, or cause corrosion
- MLV has a strong resistance to adverse environmental conditions

Typical Properties:

Weight: 1 or 2 lb sq ft.

Tensile Strength: 400psi

Tear Strength: 70lbs/in.

Thickness 1/8", 1/4"

Ultimate Elongation: 200%

Flammability: SE "0" in/min.

Temperature Range: -40F to 180F

\$1.10 per square foot

Quantity Discounts Available on Large Orders
